EDUCATION

BS Food Science & Technology | 2022 – 2026

Government Sadiq College Women University (GSCWU), Bahawalpur
CGPA: 3.67 / 4.00 (Expected Graduation: July 2026)

Core Competencies:

- Food Microbiology
- Food Chemistry
- Food Processing & Engineering
- Food Packaging
- Quality Assurance
- Food Safety Management
- Food Protecting
- Nutrition

F.Sc (Pre-Medical) | 2020 – 2022

Pins College, Lodhran (BISE Multan)

TECHNICAL PROJECTS

FINAL YEAR PROJECT

Microbial Analysis and Shelf-Life Evaluation of Fruit Juice Products

- Conducted microbiological testing on juice samples.
- Evaluated shelf-life stability under various storage conditions.
- Analyzed contamination risks and preservation methods.
- Prepared technical reports and data analysis.

INDUSTRY & WORK EXPERIENCE

Intern – Punjab Food Authority (PFA) | 6-Week Intensive Program

- Regulatory Audits:** Participated in field inspections of food production units to ensure compliance with provincial safety standards.
- Compliance Monitoring:** Verified food handling processes and reviewed technical documentation for hygiene SOPs.
- Contamination Analysis:** Supported teams in identifying chemical and biological risks in various food categories.

English Language Teacher | 2021 – 2024 (3 Years)

- Delivered professional classroom instruction focusing on communication and oral proficiency.
- Managed administrative responsibilities and ensured strict adherence to academic reporting deadlines.

CERTIFICATIONS

- Food Hygiene Workshop
- Adobe Illustrator (3-Month Course)
- Adobe Photoshop Certification
- English Language Proficiency
- Basic Computer Course (CIT)
- Legal Awareness Session: "Know the Law, Know the Rights"
